The Honorable Chris Koster_v2.docx

David,

I made a few changes based on some late information coming from Karl this afternoon. We will be testing at the athletic complex. See revisions attached. I was not in the meeting this morning as I'm in D.C. due to a family medical emergency. Mary has eyes on this from KC.

Curtis

By e-mail dated 4/29 KB tasked you and me to draft a response for him to Koster. He wanted a draft by COB today. Attached is my first draft (working from home and couldn't map to the H drive). Not sure how this comports with your discussion this morning. Please advise what you need/if you need anything from me.

Thanks.
